# Trends in Academic Performance in Tennessee

VERSION 2025.1

This report summarizes district-level educational outcomes using data from the Stanford Education Data Archive (SEDA) from 2009-2025. Figures may contain gaps where source data are unavailable.

For more information, please visit [edopportunity.org](https://edopportunity.org)

Report created by the Educational Opportunity Project at Stanford University in collaboration with the Education Scorecard at Harvard University, using data provided by the National Center for Education Statistics and the Education Data Center. See final page for full information on data sources.

## Average Grade 3-8 Test Scores, 2022-2025, by State Socioeconomic Status

Average test scores in grades 3-8 reflect the set of educational opportunities available to students in the district, including those provided by their families, preschools, neighborhoods, and elementary and middle schools.

Note: each bubble is a U.S. state, with size proportional to state enrollment. State socioeconomic status is a composite measure of average family income, parental education, poverty rate, SNAP eligibility rate, unemployment rate, and female-headed household rate. Test scores are measured in grade levels relative to the 2019 national average.

## Average Test Scores and Trends, 2022-2025

### ALL STUDENTS

	2022-2025 Average Scores	2022-2025 Trend in Test Scores
Tennessee	-0.32	0.00
National Average	-0.46	0.00

Test scores are reported in grade level units, relative to the 2019 national average. For example, the first row above reads: "Students in Tennessee performed 0.32 grade levels below the 2019 national average. Test scores in Tennessee have been changing at a rate of +0.00 grade levels/year since 2022."

### STUDENT SUBGROUPS

	2022-2025 Average Scores	2022-2025 Trend in Test Scores
White	0.52	-0.09
Black	-2.07	-0.08
Hispanic	-1.35	-0.17
Asian	2.69	-0.06
Poor	-2.01	-0.13
Non-Poor	0.44	-0.13
Female	-0.10	-0.13
Male	-0.50	-0.09

## Academic Performance Rankings, 2022-2025, Relative to Other States in the U.S.

### Math Ranks

	Average	Trend
Tennessee	23 / 51 (57th pct)	7 / 51 (88th pct)

Tennessee ranked higher than 57% of states nationwide in average math performance during the 2022-25 school years (23rd of 51 states with available data).

### Reading Ranks

	Average	Trend
Tennessee	28 / 51 (46th pct)	4 / 51 (95th pct)

Tennessee ranked higher than 46% of states nationwide in average reading performance during the 2022-25 school years (28th of 51 states with available data).

### Math Ranks by Race/Ethnicity

	Average	Trend
White	25 / 41 (40th pct)	20 / 41 (53rd pct)
Black	13 / 40 (69th pct)	20 / 37 (47th pct)
Hispanic	6 / 41 (88th pct)	22 / 39 (45th pct)
Asian	9 / 40 (79th pct)	16 / 36 (57th pct)

### Reading Ranks by Race/Ethnicity

	Average	Trend
White	27 / 41 (35th pct)	9 / 41 (80th pct)
Black	19 / 41 (55th pct)	9 / 38 (80th pct)
Hispanic	18 / 41 (57th pct)	16 / 40 (62nd pct)
Asian	14 / 40 (67th pct)	7 / 36 (83rd pct)

### Math Ranks by Income

	Average	Trend
Low-income	33 / 44 (26th pct)	35 / 44 (21st pct)
Not low-income	38 / 44 (14th pct)	41 / 43 (6th pct)

### Reading Ranks by Income

	Average	Trend
Low-income	39 / 44 (12th pct)	32 / 44 (29th pct)
Not low-income	40 / 44 (9th pct)	39 / 44 (12th pct)

### Math Ranks by Gender

	Average	Trend
Female	17 / 42 (61st pct)	19 / 42 (56th pct)
Male	22 / 43 (50th pct)	20 / 43 (55th pct)

### Reading Ranks by Gender

	Average	Trend
Female	22 / 43 (50th pct)	10 / 43 (80th pct)
Male	27 / 43 (38th pct)	12 / 43 (74th pct)

## Average Grades 3-8 Learning Rates, 2022-2025, by State Socioeconomic Status

Learning rates measure how much students' scores improve as they progress from grade to grade. They are a better indicator of school quality than average test scores, which are influenced by a range of experiences outside of school.

Note: each bubble is a U.S. state, with size proportional to state enrollment. State socioeconomic status is a composite measure of average family income, parental education, poverty rate, SNAP eligibility rate, unemployment rate, and female-headed household rate.

### Learning Rates and Trends, 2022-2025

### Learning Rate Rankings

#### ALL STUDENTS

	2022-2025 Learning Rate	2022-2025 Trend in Learning Rates
Tennessee	0.95	-0.01
National Average	0.96	-0.01

Learning rates are measured in grade levels of skills gained per year and are averaged over math and reading. The national average learning rate is 1.0. For example, the first row above reads: "Students in Tennessee learned an average of 0.95 grade levels/year during 2022-2025. Learning rates in Tennessee have been changing at a rate of -0.01 grade levels/year since 2022."

	Average	Trend
Tennessee	36 / 51 (30th pct)	20 / 51 (63rd pct)

Tennessee ranked higher than 30% of states nationwide in average learning rates during the 2022-25 school years (36th of 51 states with available data).

# Tennessee

## Trends in Average Grade 3-8 Learning Rates, 2009-2025, by Student Subgroup

Trends in learning rates measure how annual learning rates change over time. They are a better indicator of changes in school quality than trends in average test scores, which are influenced by a range of experiences outside of school.

## Notes & Acknowledgments

This report summarizes academic performance in Tennessee from 2008-09 through 2024-25, using data from the Stanford Education Data Archive (SEDA). SEDA is a national database of U.S. academic performance produced by the Educational Opportunity Project at Stanford University. The SEDA data are based on the standardized accountability tests in math and reading language arts (RLA) administered by each state to all public-school students in grades 3-8.

The raw test score data used to construct the SEDA 2022-2025 estimates here were graciously provided to us by Emily Oster and Clare Halloran at the [Education Data Center](#). The raw test score data used to construct the SEDA 2009-2019 estimates are available through the ED*Facts* data system at the U.S. Department of Education, and were provided to us by the National Center for Education Statistics (NCES). Detailed NAEP data used to harmonize test scores across states was provided by NCES and the National Assessment Governing Board. Chronic absenteeism data were provided by [Nat Malkus at the American Enterprise Institute](#). Funding to construct and analyze SEDA was provided by the Gates Foundation. Funding for the Education Scorecard was provided by the Carnegie Corporation of New York, Bloomberg Philanthropies, Joyce Foundation, Kenneth C. Griffin and Citadel Catalyst. The findings and opinions expressed in our research and reported here are those of the authors alone; they do not represent the views of any of the above organizations.
