# Trends in Academic Performance in Pulaski County Public Schools, Virginia

VERSION 2025.1

This report summarizes district-level educational outcomes using data from the Stanford Education Data Archive (SEDA) from 2009-2025. Figures may contain gaps where source data are unavailable.

For more information, please visit [edopportunity.org](https://edopportunity.org)

Report created by the Educational Opportunity Project at Stanford University in collaboration with the Education Scorecard at Harvard University, using data provided by the National Center for Education Statistics and the Education Data Center. See final page for full information on data sources.

# Pulaski County Public Schools, Virginia

## Average Grade 3-8 Test Scores, 2022-2025, by District Socioeconomic Status

Average test scores in grades 3-8 reflect the set of educational opportunities available to students in the district, including those provided by their families, preschools, neighborhoods, and elementary and middle schools.

Note: each bubble is a U.S. school district, with size proportional to district enrollment. Districts in Virginia are highlighted. District socioeconomic status is a composite measure of a district's average family income, parental education, poverty rate, SNAP eligibility rate, unemployment rate, and female-headed household rate. Test scores are measured in grade levels relative to the 2019 national average.

## Average Test Scores and Trends, 2022-2025

### ALL STUDENTS

	2022-2025 Average Scores	2022-2025 Trend in Test Scores
<b>Pulaski County Public Schools</b>	-1.09	0.07
<b>Similar Districts Avg.*</b>	-0.58	0.03
<b>Virginia</b>	-0.39	-0.03

Test scores are reported in grade level units, relative to the 2019 national average. For example, the first row above reads: "Students in Pulaski County Public Schools performed 1.09 grade levels below the 2019 national average. Test scores in Pulaski County Public Schools have been changing at a rate of +0.07 grade levels/year since 2022."

\*Similar districts are the nearest matches within the same state based on socioeconomic status, demographics, and size. Similar districts for Pulaski County Public Schools are Wythe County Public Schools, Alleghany Highlands Public Schools, Page County Public Schools, Shenandoah County Public Schools, and Franklin County Public Schools.

### STUDENT SUBGROUPS

	2022-2025 Average Scores	2022-2025 Trend in Test Scores
<b>White</b>	-0.99	0.07
<b>Black</b>	N/A	N/A
<b>Hispanic</b>	-1.44	N/A
<b>Asian</b>	N/A	N/A
<b>Poor</b>	-1.81	0.11
<b>Non-Poor</b>	-0.36	0.03
<b>Female</b>	-1.03	0.08
<b>Male</b>	-1.15	0.06

Academic Performance Rankings, 2022-2025, Relative to Other Districts in the U.S.

## Math Ranks

No data available

Pulaski County Public Schools ranked among districts with available data in student math performance during the 2022-25 school years.

## Math Ranks by Race/Ethnicity

No subgroup data available

## Math Ranks by Income

No subgroup data available

## Math Ranks by Gender

No subgroup data available

## Reading Ranks

	Average	Trend
<span style="color: red;">●</span> Pulaski County Public Schools	7,574 / 10,076 (25th pct)	762 / 5,673 (87th pct)
<span style="color: blue;">●</span> Similar Districts Avg.	6,550 / 10,076 (35th pct)	1,831 / 5,673 (68th pct)

Pulaski County Public Schools ranked higher than 25% of districts nationwide in average reading performance during the 2022-25 school years (7,574th of 10,076 districts with available data).

## Reading Ranks by Race/Ethnicity

	Average	Trend
<span style="color: grey;">●</span> White	7,564 / 8,785 (14th pct)	631 / 3,941 (84th pct)
<span style="color: blue;">●</span> Black	1,525 / 2,644 (42nd pct)	N/A
<span style="color: green;">●</span> Hispanic	3,053 / 4,662 (35th pct)	N/A

## Reading Ranks by Income

	Average	Trend
<span style="color: orange;">●</span> Low-income	6,850 / 8,987 (24th pct)	440 / 3,186 (86th pct)
<span style="color: blue;">●</span> Not low-income	7,185 / 8,596 (16th pct)	1,170 / 3,311 (65th pct)

## Reading Ranks by Gender

	Average	Trend
<span style="color: orange;">●</span> Female	6,824 / 8,670 (21st pct)	362 / 3,483 (90th pct)
<span style="color: blue;">●</span> Male	6,189 / 8,652 (28th pct)	554 / 3,418 (84th pct)

## Average Grades 3-8 Learning Rates, 2022-2025, by District Socioeconomic Status

Learning rates measure how much students' scores improve as they progress from grade to grade. They are a better indicator of school quality than average test scores, which are influenced by a range of experiences outside of school.

Note: each bubble is a U.S. school district, with size proportional to district enrollment. Districts in Virginia are highlighted. District socioeconomic status is a composite measure of a district's average family income, parental education, poverty rate, SNAP eligibility rate, unemployment rate, and female-headed household rate.

### Learning Rates and Trends, 2022-2025

### Learning Rate Rankings

#### ALL STUDENTS

	2022-2025 Learning Rate	2022-2025 Trend in Learning Rates
<b>Pulaski County Public Schools</b>	0.98	0.02
<b>Similar Districts Avg.*</b>	1.01	0.01
<b>Virginia</b>	0.96	0.00

Learning rates are measured in grade levels of skills gained per year and are averaged over math and reading. The national average learning rate is 1.0. For example, the first row above reads: "Students in Pulaski County Public Schools learned an average of 0.98 grade levels/year during 2022-2025. Learning rates in Pulaski County Public Schools have been changing at a rate of +0.02 grade levels/year since 2022."

\*Similar districts are the nearest matches within the same state based on socioeconomic status, demographics, and size. Similar districts for Pulaski County Public Schools are Wythe County Public Schools, Alleghany Highlands Public Schools, Page County Public Schools, Shenandoah County Public Schools, and Franklin County Public Schools.

	Average	Trend
<b>Pulaski County Public Schools</b>	3,620 / 8,147 (56th pct)	1,612 / 6,065 (73rd pct)
<b>Similar Districts Avg.</b>	3,376 / 8,147 (59th pct)	2,741 / 6,065 (55th pct)

Pulaski County Public Schools ranked higher than 56% of districts nationwide in average learning rates during the 2022-25 school years (3,620th of 8,147 districts with available data).

# Pulaski County Public Schools, Virginia

## Trends in Average Grade 3-8 Learning Rates, 2009-2025, by Student Subgroup

Trends in learning rates measure how annual learning rates change over time. They are a better indicator of changes in school quality than trends in average test scores, which are influenced by a range of experiences outside of school.

## Notes & Acknowledgments

This report summarizes academic performance in Pulaski County Public Schools from 2008-09 through 2024-25, using data from the Stanford Education Data Archive (SEDA). SEDA is a national database of U.S. academic performance produced by the Educational Opportunity Project at Stanford University. The SEDA data are based on the standardized accountability tests in math and reading language arts (RLA) administered by each state to all public-school students in grades 3-8.

The raw test score data used to construct the SEDA 2022-2025 estimates here were graciously provided to us by Emily Oster and Clare Halloran at the [Education Data Center](#). The raw test score data used to construct the SEDA 2009-2019 estimates are available through the ED*Facts* data system at the U.S. Department of Education, and were provided to us by the National Center for Education Statistics (NCES). Detailed NAEP data used to harmonize test scores across states was provided by NCES and the National Assessment Governing Board. Chronic absenteeism data were provided by [Nat Malkus at the American Enterprise Institute](#). Funding to construct and analyze SEDA was provided by the Gates Foundation. Funding for the Education Scorecard was provided by the Carnegie Corporation of New York, Bloomberg Philanthropies, Joyce Foundation, Kenneth C. Griffin and Citadel Catalyst. The findings and opinions expressed in our research and reported here are those of the authors alone; they do not represent the views of any of the above organizations.
